164	Australian Prescriber - many volumes in folder	End of 2006 and start of 2007	Australian Prescriber	Folder
233	Managing people effectively	The module reinforces how important it is for your practice to have efficient, well trained, happy staff and will help you achieve this. It provides detailed information about how to recruit new staff who will fit into, and complement, the culture of your practice. It goes on to explain how to get the most out of your staff, including how to evaluate their performance and give them constructive feedback. Several sample forms are provided to help you undertake a performance review and assessment of each staff member. This offers benefits both in terms of improving the efficiency of your practice and in increasing job satisfaction for you staff members and managers There is also a section on practice management that highlights the importance of having a practice manager, even for solo and small practices.		Book
